

PhyMed Healthcare Group Names Jeff Beierlein as New Vice President of Operations

NASHVILLE, TN (May 21, 2015) – [PhyMed Healthcare Group](#), a physician-led and owned leader of anesthesia, pain management and critical care services, is pleased to announce Jeff Beierlein has been named vice president of operations for the organization. In his role, Beierlein will be responsible for partnering with clinical teams to lead operations and to facilitate continued development of PhyMed throughout the southeast region.

Beierlein brings more than a decade of healthcare leadership experience to his new role at PhyMed, most recently serving as the regional operations director for DaVita Healthcare Partners in Tennessee and Kentucky. Beierlein is well-prepared for his new role at PhyMed, leveraging his experience directing regional operations for multiple dialysis clinics while helping those organizations improve clinical outcomes, increase financial performance, exceed labor productivity objectives and expand their presence in additional distinct markets.

“We are excited for Jeff to join our team to lead operations across Tennessee, Kentucky and beyond as we continue to assist our affiliated practices in performing at their highest level,” said Patrick Forrest, MD, president and chief medical officer of PhyMed Healthcare Group. “Jeff’s healthcare consulting background, coupled with his strong leadership style, will be a tremendous asset to our team as we continue to partner with our practices to ensure the best possible outcome for every patient.”

Beierlein holds a Master of Business Administration degree from Vanderbilt University’s Owen Graduate School of Management and a Bachelor of Science degree from West Point Military Academy. He earned a Bronze Star and Air Medal in Operation Iraqi Freedom.
